

WEDNESDAY 6 JULY: MORNING SESSIONS

08.00-09.00: Registration (Central Hall)				
09.00-10.30: Word of welcome and keynote address Roger Giner-Sorolla (SCO1)				
10.30-11.00: Coffee and tea break (Central Hall)				
11.00-13.00: Symposia and paper sessions				
Symposium 1 (SC-O1)	Symposium 2 (SA-49)	Paper session 1 (1A-01)	Paper session 2 (5A-47)	Paper session 3 (5A-42)
<p>Fear versus Anxiety: Disentangling attentional mechanisms during predictable and unpredictable threat Matthias Wieser et al.</p> <p>Neural recovery from stress: Amygdala functional connectivity in cortisol responders and non-responders Ilya Veer et al.</p> <p>Cognitively Mediated Extinction: Linking reappraisal with extinction Tom Johnstone</p> <p>Control tower, do you hear me? Differential temporal dynamics of brain responses in schizophrenia and bipolar disorder and during effortful emotion regulation. Marié-Jose van Tol et al.</p> <p>An Experimental Manipulation of Repetitive Negative Thinking Impairs Cognitive Reappraisal Heather Urry et al.</p> <p>Longitudinal change in executive function predicts emotion regulation in the ageing brain Carien van Reekum et al.</p>	<p>Intranasal administration of oxytocin modulates behavioural and amygdala responses to infant crying in females with insecure attachment representations Madelon Riem et al.</p> <p>Reactions to appropriate and inappropriate crying Agneta Fischer & Ursula Hess</p> <p>Emotion regulation responses from close others differ when happiness is expressed with smiles versus tears Oriana Aragón & Margaret Clark</p> <p>Seeing through tears: Effects of pupil size and digitally added tears in the absence of sad facial expressions Dennis Küster</p> <p>Reactions to adult tears: The role of attachment style and empathy Linda Schipper – de Paauw et al.</p> <p>The effects of tears on approach-avoidance tendencies Asmir Gračanin et al.</p>	<p>Is trusting person also a happy one? Dorota Jasielska</p> <p>More knowledge, less reliance on the 'heuristics' trust and affect? The moderating effect of information and knowledge on judgments about a local hydrogen fuel station Nicole Huijts</p> <p>Social context as a predictor of the effectiveness of self-punishment on guilt alleviation Luka Katic et al.</p> <p><i>Mini break (12.00-12.15)</i></p> <p>The facial expression of guilt: Myth or reality? Eglantine Julle-Daniere et al.</p> <p>We are sorry, they don't care: Misinterpretation of facial embarrassment displays in intergroup contexts Pum Kommattam et al.</p>	<p>The first experimental challenge to databases of dynamic facial expressions Lina Skora & Eva Krumhuber</p> <p>A generative system of dynamic facial Expressions for social robotics Rachael Jack et al.</p> <p>Our friend's electric! Children's affective and social responses to a facially-expressive humanoid robot David Cameron et al.</p> <p><i>Mini break (12.00-12.15)</i></p> <p>A cluster-based approach for selecting images from the International Affective Picture System (IAPS) Alexandra Constantinescu et al.</p> <p>Registration of EEG and eye-tracking: Contributions to the understanding of natural emotional facial expressions processing Tcherkassof et al.</p>	<p>Emotion comprehension, language, prosociality, and temperament in 2- and 3-year-olds: Preliminary results from an Australian sample Elisabetta Conte et al.</p> <p>Longitudinal associations between intergroup contact and emotional acculturation in minority youth Alba Jasini et al.</p> <p>Self- and other-focused emotional intelligence: Development and validation of the Rotterdam Emotional Intelligence Scale (REIS) Keri Pekaar et al.</p> <p><i>Mini break (12.00-12.15)</i></p> <p>How reading skill and the culture with written history influence to human social cognition? Merja Kiiskinen</p> <p>Is emotional behaviour driven by appraised stimulus features or by expected outcomes? Maja Fischer et al.</p>

WEDNESDAY 6 JULY: AFTERNOON SESSIONS

13.00-14.00: Lunch break (Central Hall)			
14.00-16.00: Symposia and paper sessions			
Symposium 4 (SA-49)	Symposium 5 (SC-01)	Paper session 4 (5A-47)	Paper session 5 (5A-42)
<p>Rumination at the crossroads of embodied inner speech and emotion: facial electromyographic correlates Ladislav Nalborczyk et al.</p> <p>Testing the attentional scope model of rumination: A test using multiple methods Lin Fang et al.</p> <p>Mapping the interplay among cognitive biases, emotion regulation, and depressive symptoms Ivan Grahek et al.</p> <p>Examining a novel gamified approach to attentional retraining: Effects of single and multiple session training Elien Pieters et al.</p>	<p>The role of voluntary and involuntary processes in emotional vocalisations Sophie Scott et al.</p> <p>Millionaires in Agony? The diagnostic valence of vocalizations in lottery winners Doron Atlas et al.</p> <p>Is there phylogenetic continuity in nonverbal vocalisations of emotions? Disa Sauter et al.</p> <p>Vocal emotions in and out of language Marc Pell & Kathrin Rothermich</p> <p>Older adults' recognition of negative and positive non-linguistic vocalizations Petri Laukka</p>	<p>Discussing whether empathy is necessary for morality Carme Isern-Mas & Antoni Gomila</p> <p>Empathy in toddlers with moderate hearing loss. Evelien Dirks et al.</p> <p>Insult back or empathize with the insulter? Cognitive strategies for dealing with insults Marijn Struiksma et al.</p> <p><i>Mini break (15.00-15.15)</i></p> <p>Oxytocin modulates the motivations underlying the sanctioning of ingroup and outgroup Katie Daughters et al.</p> <p>Enhancing empathic ability: Effects of exposure to literary fiction Hannah De Mulder et al.</p>	<p>Moral disgust: Disgust sensitivity and moral transgressions of purity Fieke Wagemans et al.</p> <p>Communicating moral motives: The social signalling function of moral disgust Tom Kupfer & Roger Giner-Sorolla</p> <p>Desire and character as elements in moral disgust Roger Giner-Sorolla & Hanah Chapman</p> <p><i>Mini break (15.00-15.15)</i></p> <p>Envy and schadenfreude: Why do we experience schadenfreude? Niels van de Ven</p> <p>Having a good laugh: Schadenfreude as social-functional status regulator Jens Lange & Lea Boecker</p>
16.00-16.30: Coffee and tea break (Central Hall)			
16.30-17.30: Keynote address Giselinde Kuipers (SC-O1)			
17.30-19.30: Poster session and open bar (Central Hall)			

THURSDAY 7 JULY: MORNING SESSIONS

09.00-09.30: Registration (Central Hall)				
09.30-10.30: Keynote address Carolien Rieffe (SC-O1)				
10.30-11.00: Coffee and tea break (Central Hall)				
11.00-13.00: Symposia and Paper sessions				
Symposium 6 (SC-O1)	Symposium 7 (SA-49)	Paper session 6 (1A-01)	Paper session 7 (5A-42)	Paper session 8 (5A-47)
<p>The impact of facial expressions on the perception of context Ursula Hess</p> <p>Mixed Emotions: The Specificity of Emotion Perception from Static and Dynamic Facial Expressions across Cultures Xia Fang et al.</p> <p>Emotional expressions as social signals of rejection and acceptance Marc Heerdink et al.</p> <p>Context effects of emotional counter-reactions to anger on inferences of social power Shlomo Hareli</p> <p>The Persuasive Power of Emotions: Contextual Influences Shape the Effects of Emotional Expressions on Attitude Formation and Change Gerben van Kleef</p>	<p>Strategic bullying in adolescents with ASD or typical development: comparing interpersonal goals Elian Fink et al.</p> <p>Who started and why? Victimization, bullying behaviour, and emotional functioning in children with and without Specific Language Impairments Neeltje van den Bedem et al.</p> <p>Shame and guilt; do they protect or contribute to bullying and victimization in adolescents with and without hearing loss? Evelien Broekhof & Carolien Rieffe</p> <p>“Them” versus “us”: the role of moral emotions and collectivism in adolescents’ bullying Naqi Dahamat Azam et al.</p>	<p>Assessing attentional biases in depression using categorization tasks and models Isa Rutten et al.</p> <p>Cognitive flexibility: The effects of transcutaneous vagus nerve stimulation and stress Klodiana-Daphne Tona et al.</p> <p>Feeling bad about being sad: The role of social expectancies not to feel negative emotions in depression Egon Dejonckheere</p> <p><i>Mini break (12.00-12.15)</i></p> <p>Grief and conflict Mark Alfano</p> <p>Debriefed but still sad? Stefanie Miketta & Malte Frieese</p>	<p>Social power and emotional expression: Power decreases the expression of sadness Katerina Petkanopoulou et al.</p> <p>Partner-Expected Affect: How You Feel Now Is Predicted By How Your Partner Thought You Felt Before Laura Sels et al.</p> <p><i>Mini break (12.00-12.15)</i></p> <p>The interpersonal effects of distinct emotions in online reviews Gert-Jan Lelieveld & Hanneke Hendriks</p> <p>The temporal dynamics of surprise Marret Noordewier et al.</p>	<p>A layperson-oriented approach to emotion regulation Elise Kalokerinos et al.</p> <p>Emotion regulation in daily life: Age differences in responses to hassles and uplifts Gloria Luong et al.</p> <p><i>Mini break (12.00-12.15)</i></p> <p>Emotion and emotion regulation in daily life: An experience sampling study J. Kestemont & M. Vandekerckhove</p> <p>The emotion misattribution procedure: Electromyographic and behavioural effects beyond valence Michaela Rohr et al.</p>
13.00-14.00: Lunch break (Central Hall)				

THURSDAY 7 JULY: AFTERNOON SESSIONS I

14.00-16.00: Symposia and Paper sessions				
Symposium 8 (SC-O1)	Symposium 9 (SA-49)	Paper session 9 (5A-42)	Paper session 10 (5A-47)	Paper session 11 (1A-01)
<p>Does awe arise in reaction to the uncanny? Linking the emotion of awe and expectancy violations Małgorzata Godowska et al.</p> <p>Neurocognitive mechanisms underlying the experience of awe and wonder Michiel van Elk & Disa Sauter</p> <p>Love trumps justice: Awe and the elicitation of forgiveness Brian Ostafin</p> <p>The Meta-Analytic Effect of Awe on Religiosity and Spirituality and the Moderating Role of Individual Differences Filip Uzarevic et al.</p>	<p>Sad as a Matter of Choice? Emotion Regulation Goals in Depression Yael Millgram et al.</p> <p>System Justification Undermines Participation in Collective Action in Intractable Conflicts: The Role of Preference for Collective Guilt Nevin Solak et al.</p> <p>Are Liberals and Conservatives the Same in Empathy Preferences toward Outgroup Members? Yossi Hasson et al.</p> <p>Emotional Preferences for Others – an Instrumental Approach Liat Netzer et al.</p> <p>Who is in Charge? Strategic Emotion Expression in Inter-group Conflicts to Enlist Support Julia Sasse et al.</p>	<p>Affective and cognitive biases of communal and agentic trait inference from facial appearance Michal Olszanowski</p> <p>Don't look me in the eye: Prevalence of downward gaze in portrayals of sad facial expressions. Olga Semyonov et al.</p> <p>The facial thermography of a crier Marc Baker & Paul Morris</p> <p><i>Mini break (15.00-15.15)</i></p> <p>Temporal integration of bodies and faces: United we stand, divided we fall? Maya Lecker et al.</p> <p>Emotion processing in Homo in Pan Mariska Kret</p>	<p>Discrete emotions predict approach and avoidance related responses to hate crime: Evidence from focus groups and a survey study using the Amsterdam Pink Panel Allard Feddes & Kai Jonas</p> <p>Dating anxiety indirectly effects lower life satisfaction through romantic desolation Katarzyna Adamczyk et al.</p> <p><i>Mini break (15.00-15.15)</i></p> <p>On the causes and consequences of "being moved" Madelijjn Strick & Jantine van Soolingena</p> <p>Regulation of romantic love feelings: preconceptions, strategies, and feasibility Sandra Langeslag & Jan van Strien</p>	<p>Predicting cross-modal associations between aggression, brightness, and colour with the OPAC context model A.C. Schietecat et al.</p> <p>Pupil dilation in cognitive control tasks: Is it aversive conflict, effort, or both? Henk van Steenbergen</p> <p>Using personality type and Emotional Intelligence to predict deception-detection ability Robert Morgan & Catharine Cross</p> <p><i>Mini break (15.00-15.15)</i></p> <p>Pitching emotions: The interpersonal effects of emotions in professional baseball Arik Cheshin et al.</p> <p>Regulating incidental emotions Lotte van Dillen</p>
16.00-16.30: Coffee and tea break (Central Hall)				

THURSDAY 7 JULY: AFTERNOON SESSIONS II

16.30-18.30: Symposia and Paper sessions					
Symposium 3 (SC-01)	Paper session 12 (SA-49)	Paper session 13 (5A-41)	Paper session 14 (5A-42)	Paper session 15 (5A-47)	Paper session 16 (1A-01)
<p>Interpersonal emotion regulation: Socio-affective vs. cognitive support Lisanne Pauw et al.</p> <p>Interpersonal effects of regulated and unregulated guilt expressions in trust games Danielle Shore & Brian Parkinson</p> <p>The social influence of emotions in intergroup resource dilemmas Magdalena Rychlowska et al.</p> <p>The paradox of intergroup apology Sam Nunney & Antony Manstead</p>	<p>Cooperative motives shape emotion interpretation in an intergroup context Tobias Storz et al.</p> <p>Emotional conformity: A theoretical framework to explain emotional convergence in small groups Svenja Wolf et al.</p> <p>Closeness in relationship leads to inhibition of aggressive behaviour and buffer against diminishing of prosocial behaviour Joanna Rajchert</p> <p><i>Mini break (17.30-17.45)</i></p> <p>The depolarizing role of sadness in intergroup conflicts Tamar Gur</p> <p>Adolescents' responses to online peer conflict: How perceived self-control matters Sheida Novin et al.</p>	<p>Alexithymia predicts frequency and enjoyment of reading Dalya Samur et al.</p> <p>Emotion differentiation Yasemin Erbas et al.</p> <p>Emotion understanding in young children with autism spectrum disorders Boya Li et al.</p>	<p>Enhanced persistence of learned fear to positive emotional stimuli Yoann Stussi et al.</p> <p>Positive affect in daily life in youth at high and low familial risk for depression Lauren Bylsma</p> <p>Positive emotions across languages: A mixed model (GLMM) profile-based approach to JOY Nina-Maria Fronhofer</p> <p><i>Mini break (17.30-17.45)</i></p> <p>Positive feedback and motivational coasting Nils Jostmann</p> <p>The moody nature of mood induction. Exploring the modulation of attentional breadth by positive affect. Irena Domachowska et al.</p>	<p>Effects of patient-partner dyadic disgust responses on psychological wellbeing in cancer patients. Haffiezah Azlan et al.</p> <p>Sustained willpower may make you overweight: Inhibitory control disrupts appetite regulation among chronic ruminators Caroline Schlinkert & Sander Koole</p> <p><i>Mini break (17.30-17.45)</i></p> <p>Exactly the same or something similarly special? Motivational consequences of envy and admiration differ in goal specificity L. Blatz et al.</p> <p>Unravelling the enigmatic relationship of narcissism and envy Jan Crusius et al.</p>	<p>Evolution or construction? Examining the interaction of language, processing time, and mimicry on facial emotion expression categorization Lasana Harris et al.</p> <p>Cultural orientation salience, attachment orientations and accuracy in decoding facial emotion expressions in a group Konstantinos Kafetsios & Ursula Hess</p> <p>The categorization of facial fear expressions according EMFACS Martin Krippel</p> <p><i>Mini break (17.30-17.45)</i></p> <p>Is there a mixed emotion response in facial expressions? Oksana Itkes et al.</p> <p>Dissociating affective and semantic valence Assaf Kron et al.</p>
19.30-22.00: Conference (walking) dinner (Restaurant Level 2, Hampshire Hotel, next to Central Station Leiden)
